

You manipulative little bitch you! You think you can just waltz into a man's life and make his every sexual fantasy come true just for the satisfaction of knowing you can do it and never do call him again! Do you honestly think you can meet him for a rendezvous at Motel 6 in the middle of the night for a wild tryst and not even have the decency to bother to ask him if he minds that you brought along your two college roommates for a little three-on-one action? You dirty little whore! And is it really fair of you to expect him to have to bring the camcorder every single time? Woman, is there no end to your selfish, inconsiderate, nymphomaniac lifestyle? Pay attention to the rings around Uranus this week indicating yes.
